Those Who Endure

All that is great was made so by endurance of the human soul. It gave athletes the incentive to work harder and keep going when their competitors gave up. Endurance brings a losing team up to first. The FACES of the spectators are grim with disbelief. They wonder, "Is it worthwhile?" The FACES of the participants are happy. They wear a knowing smile - "It is worthwhile!"

. . . 33

Those Who Excel

There is an intellectual excellence attainable by all who have the will to strive for it. Excellence is never granted to man but as the reward of labor. What we truly and earnestly aspire to be, that in some sense we are. The FACES of those who strive for excellence are the FACES of superiority.

. . . 69

Those Who Care

Caring is what makes life worth living. Caring is the fear and anxiety that accompanies the concern for someone or something. If a diamond cutter did not care how well he did his job, a rough diamond would turn out to be worthless dust. The FACES of those who care are concerned, for they wonder how many of those they care about will become true gems.

. . . 85

Those Who Share

We often share many of our thoughts, our good times, and often we share our feelings. Along with sharing goes the awareness that the person whom you are sharing is willing to take time, listen to your feelings, and be patient enough to understand them. Actually sharing is an art, that not many people truly understand. The FACES of those who share with us are the FACES of true artists.

The Iraan Chapter of the Future Farmers of America has contributed its share of pride to our school. The chapter has made many accomplishments in the development of the organization and its individuals.

The youngsters competed actively in several stock shows during the year. They travelled to the County Show in Ft. Stockton, the Ft. Worth Stock Show, and several others. The group did very well, taking many honors in each show.

The willingness to work hard and the eagerness to do a good job led the chapter to a highly successful year. With the encouragement of their sponsor, Mr. Don Barnett, the chapter did extremely well.
